

Splashes of Color on the Landscape

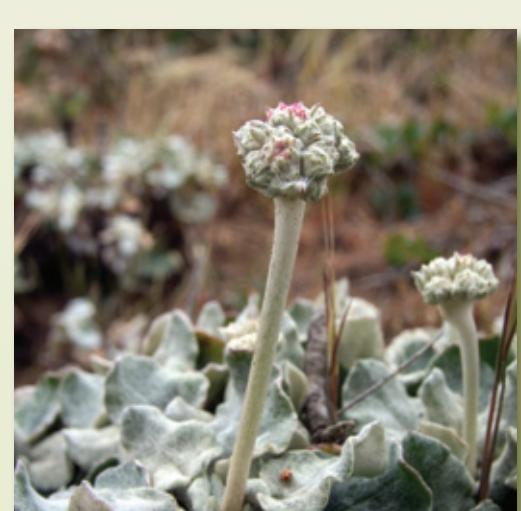

Flowers are the culmination of a year's work for plants and their attempt at success. Point Reyes National Seashore is home to nearly 850 species whose seeds will offer us the possibilities of future flowers and splashes of color. While the height of the wildflower season is in the early spring flowers flourish nearly year-round. Look for wildflowers at Chimney Rock, Tomales Point and along trails throughout the Seashore, but help us protect them by leaving all wildflowers undisturbed.

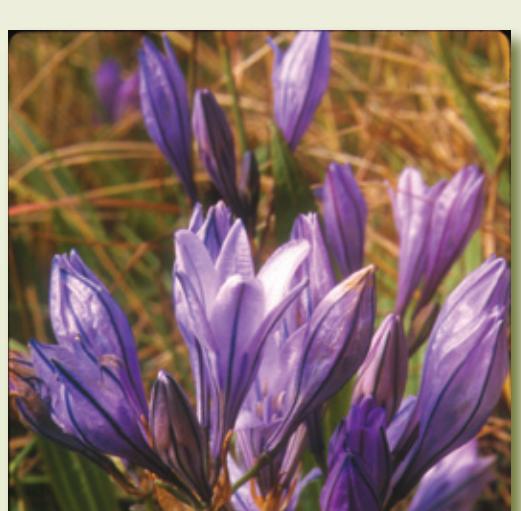

Gumplant
Grindelia stricta
(Asteraceae)

California Buttercup
Ranunculus californicus
(Ranunculaceae)

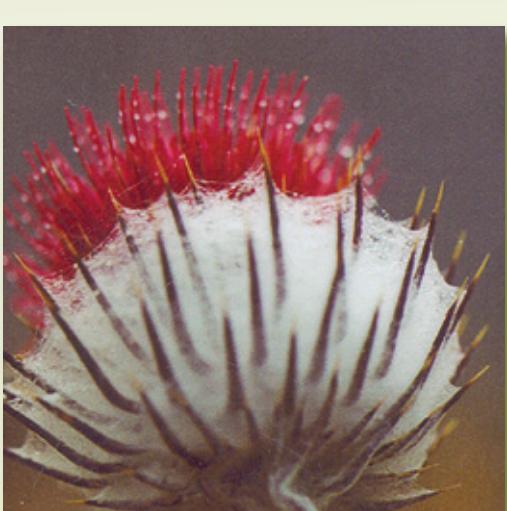

Coast Buckwheat
Eriogonum latifolium
(Polygonaceae)

Ithuriel's Spear
Triteleia laxa
(Liliaceae)

Hedge Nettle
Stachys ajugoides
(Lamiaceae)

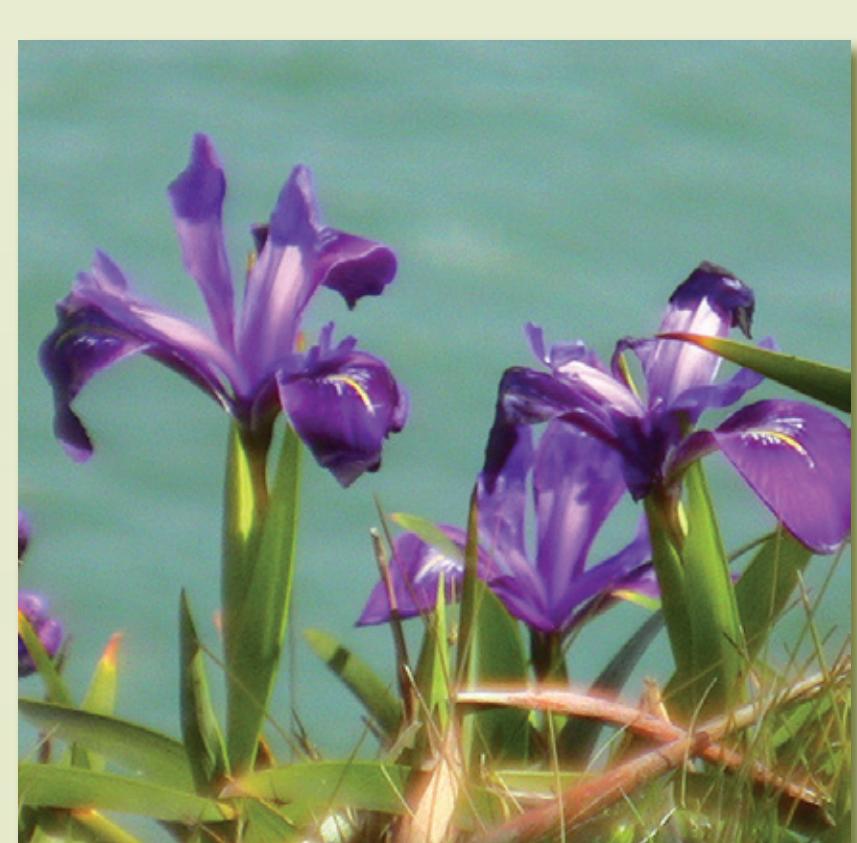

Cobweb Thistle
Cirsium occidentale var. occidentale
(Asteraceae)

Seaside Daisy
Erigeron glaucus
(Asteraceae)

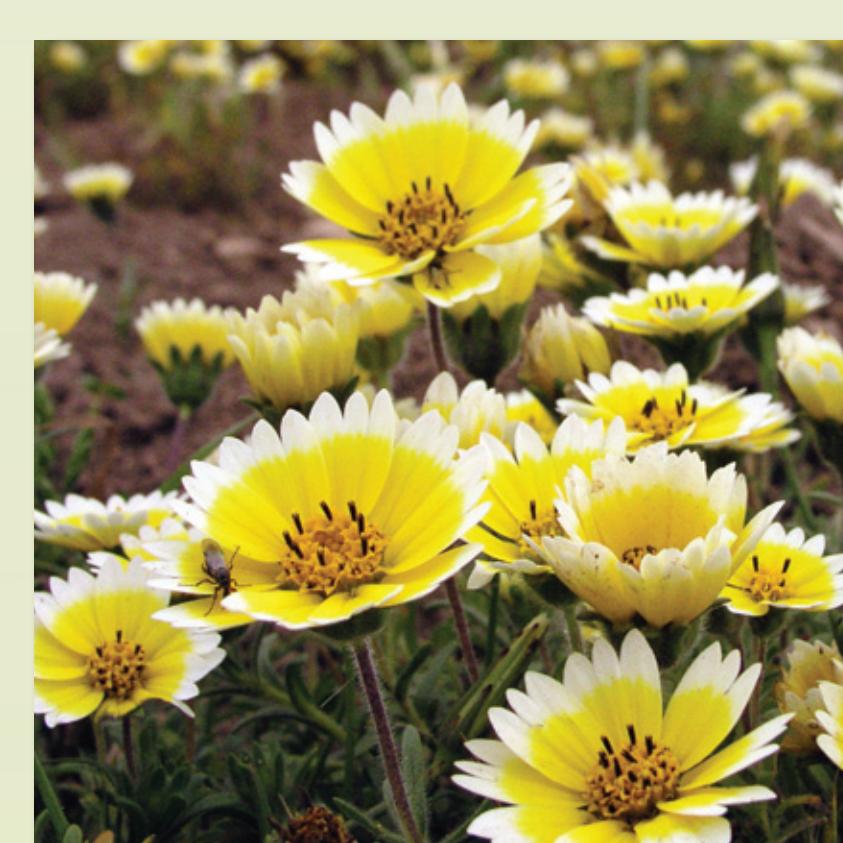

Footsteps-of-Spring
Sanicula arctopoides
(Apiaceae)

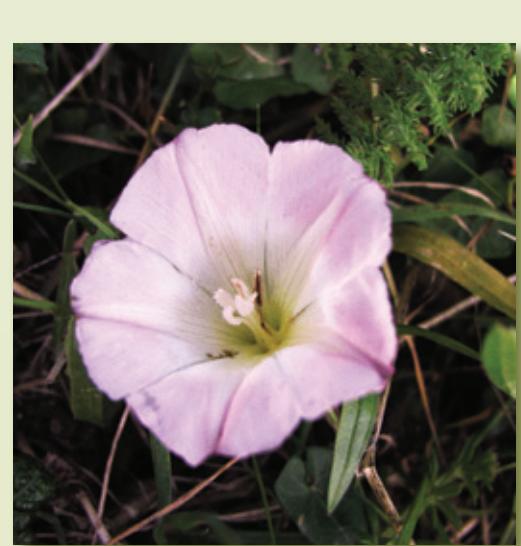

Douglas Iris
Iris douglasiana
(Iridaceae)

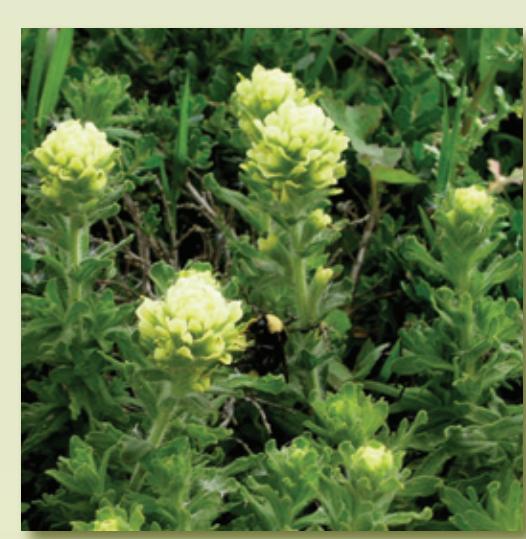

Goldfields
Lasthenia californica ssp. californica
(Asteraceae)

Tidy Tips
Layia platyglossa
(Asteraceae)

Beach Morning Glory
Calystegia purpurata
(Convolvulaceae)

Wights Paintbrush
Castilleja wightii
(Scrophulariaceae)

Indian Paintbrush
Castilleja affinis
(Scrophulariaceae)

Yellow Bush Lupine
Lupinus arboreus
(Fabaceae)

Checkerbloom
Sidalcea calycosa ssp. rhizomata
(Malvaceae)

Cow Clover
Trifolium wormskioldii
(Fabaceae)

Baby-white-eyes
Nemophylla menziesii var. atomaria
(Hydrophyllaceae)

Mules Ears
Wyethia angustifolia
(Asteraceae)

Pussy Ears
Calochortus tolmiei
(Liliaceae)

Cow Parsnip
Heracleum maximum lanatum
(Apiaceae)

Sun Cups
Camissonia ovata
(Onagraceae)

California Poppy
Eschscholzia californica
(Papaveraceae)

Brownie Thistle
Cirsium quercetorum
(Asteraceae)

Seaside Fiddleneck
Amsinckia spectabilis
(Boraginaceae)

Sky Lupine
Lupinus nanus
(Fabaceae)

California Blackberry
Rubus ursinus
(Rosaceae)

Coastal Wallflower
Erysimum menziesii ssp. concinnum
(Brassicaceae)

Field Chickweed
Cerastium arvense
(Caryophyllaceae)

Manroot (Wild cucumber)
Marah fabaceus
(Cucurbitaceae)

San Francisco Owl's-clover
Triphysaria floribunda
(Scrophulariaceae)

North-coast Phacelia
Phacelia insularis var. continentis
(Hydrophyllaceae)

Coastal Prairie Larkspur
Delphinium decorum
(Ranunculaceae)

Stinging Phacelia
Phacelia distans
(Hydrophyllaceae)

Beach Strawberry
Fragaria chiloensis
(Rosaceae)

Cream Cups
Platystemon californicus
(Papaveraceae)

Mission Bells
Fritillaria affinis var. affinis
(Liliaceae)

Dwarf Brodiaea
Brodiaea terrestris ssp. terrestris
(Liliaceae)

Creeping Blue-blossom
Ceanothus thyrsiflorus var. repens
(Rhamnaceae)

Blue Violet
Viola adunca
(Violaceae)

Wildflowers are reminders of the vitality and fragility that all species share.
